Your massage takes place in a private room with adjustable lighting and soothing music to enhance your experience. The session includes a thorough interview and a few minutes for closure after the massage.

Relax and enjoy our signature treatment!

This extraordinary experience begins with a back exfoliation to polish away dead skin cells and to open clogged pores. Then the back is nourished with warm aromatic oils massaged in to moisturize and feed nutrients to de-vitalized skin. Next, steamed linens are applied to encourage penetration of the healing oils. After the pores are opened and nourished, a rich botanical mud masque is applied to stimulate the lymphatic system and to hydrate and soften dull skin. The sampler includes a luxurious hand and foot massage.
